**FALL 2020**  
**OPENING ENROLLMENT**

The enrollment numbers provided include all students enrolled in Maryland community colleges, public four-year colleges and universities, state-aided independent institutions, and other private colleges and universities for the Fall term prior to October 15. All opening fall enrollment data are based on preliminary enrollment reports submitted by institutions to the Maryland Higher Education Commission. 2019 data are based on final Enrollment Information System files, which are submitted as of the institution's official census date, which typically represents the final date of which students may register for classes. Later figures may reflect different enrollment counts.

These data include all students enrolled in credit courses, as well as students exclusively enrolled in non-credit remedial courses who have been accepted into a degree program and are required by the institution to take these courses. Students enrolled in extension courses, off-campus programs, or in a satellite campus that is located in Maryland are included in main campus figures.

These figures do NOT include:

- (a) Students exclusively in non-credit courses, unless the students have been accepted into a degree program and are enrolled exclusively in non-credit remedial courses that the institution has required them to take;
- (b) Students exclusively auditing classes; or
- (c) Students in any satellite campus or extension center in a foreign country.
